

## J02069 Pok-IT II Tool

The J02069 Pok-IT II Tool with Cutter has a compact design and ease of use to install 3/16" through 3/8" band and buckle, and 1/4" through 3/8" BAND-IT Junior Smooth ID Preformed clamps. The ratchet design enables a quick strong tensioning for narrow band clamps.

### FEATURES:

- *An inexpensive and easy to use tool*
- *Usable with all 3/16" through 3/8" band and buckle material*
- *Usable with all 3/16" through 3/8" Junior® Smooth ID Preformed Clamps*
- *Has a compact design for narrow space installations*
- *Has a ratchet design that enables quick installation of the clamps*
- *A permanent solution that tensions, cuts off, and eliminates the need for other cutting tools*
